**NOP HFN 12/27/21**

## **LOCAL/STATE EVENTS AND WRITE-INS**

**If the Highway 20 Roadhouse in Port Townsend is open on Wednesday, Dec. 29th, and the roads are drivable, there will be a meeting from 10 a.m. till 11:30-ish.** Please call before you come, to make sure it's open. The meetings are in the banquet room. Enter the cafe at the front and turn left, then enter the first door you come to on the right. We meet every Wednesday.

**Help from Gary Eduardo:** *Snowy roads a problem for you? Not for my 4-wheel drive car, now all ready with chains. Each winter I give people rides, run errands, offer door to door service. Tip me a sandwich or a few bucks, if you like...I'm happy to be helpful. Call me if you need to get somewhere during this snowy week, or need snow shoveling.*

**Gary Eduardo (360) 643-3529 voice or text**

**Possible date for a rally? January 15th:** Reclaim the Line. This has been started by Australians, and it's unknown yet if it is worldwide. <https://reclaimtheline.com/> (from Sharon W.)

**Please write to the YMCA about their vaccine ID policy which starts in January.** In addition to adult use of the facilities, many families are dependent on the Y for after-school and summer care for their children, and should not be forced to vaccinate them to attend. (orig. from Tree Stokan, who wrote to the Sequim Y)

## **MEETING NOTES FROM 12/22/21**

**Jodi said that Sheriff Note will come to a meeting, date as yet undecided.** Post-it notes were handed out so that everyone could write down their question(s) for the sheriff. You can check out the Constitutional Sheriffs and Peace Officers' website for more information on the sheriff's roles, and there is a checklist of "How to Vet Your Sheriff" that is worth checking out for questions. [www.cspoа.org](http://www.cspoа.org). It includes the "Sheriff and Candidate Survey" here: <https://cspoа.org/wp-content/freecontent/Sheriff-Survey-REV-D-2021.pdf>

**We've learned that the P.T. Public Library has *Pandemia* by Alex Berenson on order, and also *The Real Anthony Fauci* by RFK Jr.** You can request these books online or at the library, and also put in purchase requests for related books that you are interested in reading. Let us know your chosen books and we can also put in requests. The more people want to read a title, the more likely they are to purchase it. If there is enough interest, we can also request that the library buy multiple copies for a book group study.

**Somatic Listening Workshops are still happening;** there will be one in P.A. in January, says Sol R. This is a technique to stay calm and focused while communicating with others. Get through "mass formation"

psychological warfare, trauma-based mind control. We need to speak in a way we'll be heard, a loving way. Sol recommended the book ***Waking the Tiger*** by Peter Levine.

**Yukari asked the WA Dept. of Health** if there is a specific test for the Omicron variant; the answer was "NO."

**Some of our members have signed up** for the Vaccine Control Group Study and cards, and have been able to use their cards to get into local restaurants. <https://www.vaxcontrolgroup.com/>

## FIELD TRIP TO P.A.

**Last week, five of our group were invited to Port Angeles for a lunch meeting,** to meet with Dr. Tree Stokan, D.O. and four others (including Rose and Rick Marschall) in Port Angeles to exchange health and freedom information.

Dr. Stokan let us know that **monoclonal antibody treatment** is available at the Forks hospital emergency room for free in early stages of covid, up to 10 days, not bad enough to be hospitalized. For an IV in short stay area for a 20-min. Infusion, you are held for 1 hour. For subcutaneous treatment— injected in 4 different place. 80% get improvement in 24 hours. Doctor needs to order it. We don't believe Jefferson Health Care is offering this in Port Townsend.

Dr. Stokan said that the **prone position** is helpful for better breathing, faster improvement with covid.

**We also met a woman who hosts activist radio shows via ROAR Media, Chanda Masta.** You can find her shows here: <https://www.patreon.com/theaccidentalactivist>. She is always interested in finding people to interview...

**For other early treatment studies,** Jeffrey told us about the website, [www.c19early.com](http://www.c19early.com). Doctors' meta-analyses, every treatment including pre-print studies, is constantly maintained.

**Inger told us about "Radical Giving" including "Food Not Bombs"**—People are fed on the second and fourth Saturdays in the park behind Swains' in P.A. at 11:30 a.m.

**Rick reminded us that the Washington State Assembly** is no longer under statutory law. To learn about the difference between our corporate government and the Assembly, attend the Friday night meetings in P.A. starting up again in January, and read books of Anna Von Reitz.

**Rose reminded us** that licensing is against the Constitution. Have you read the Constitution yet?
